Welcome to Oxford Reading Lists Online (ORLO)

• ORLO is the University’s new digital reading list solution. It is currently being used in a small number of courses across divisions and will be rolled out more widely from 2019/20 academic year.

• With ORLO, you can access up-to-date reading lists at any time from a range of devices, check availability of individual items and more, saving you time.
Go to readinglists.bodleian.ox.ac.uk to get started and search for the reading list for your course or courses.

We recommend that you sign in with your single sign on details to get the most out of the system, and record your preferences.
Enter the name of your course to find your reading list (Note the course shown may not be your course; this is used as an example).
This will take you into the reading list for your course.
